Sample Company Policy

Document for testing PDF ingestion in the Enterprise AI RAG POC

1. Working from Home

Employees may work from home two days per week. Employees must agree their remote-working days with their line manager. Some roles may require additional office attendance depending on business needs.

2. Annual Leave

Full-time employees receive 25 days of annual leave per leave year, excluding public holidays. Part-time entitlement is calculated on a pro-rata basis. Employees must obtain manager approval before booking annual leave.

3. Sickness Absence

Employees should notify their line manager as soon as possible on the first day of sickness absence and follow the company's absence-reporting procedure. A return-to-work discussion may be arranged after an absence.

4. Expenses

Business expenses must be reasonable, supported by receipts where applicable, and submitted through the company expense process. Manager approval is required before reimbursement.

5. Information Security

Employees must protect confidential company information, use approved systems for company data, and never share passwords or API keys. Suspected security incidents must be reported promptly to the appropriate internal contact.
